Re: Birdsong Nature Center GOSP Application - Letter of Support

Dear DNR Board of Trustees,

On behalf of the Grady County Commissioners, please accept this letter of support on behalf of Birdsong Nature Center, Inc. in their application for a GOSP grant in the 2020-2021 funding cycle. We recognize this is the second year Birdsong has applied and we are supportive of their determination and desire to be considered. Grady County Board of Commissioners is comprised of the elected officials representing the five voting districts in Grady County, Georgia. The Commissioners administer the county government, which includes serving both executive and legislative duties, enacting local ordinances, approving budgets, and hiring county employees. Grady County's day to day operations are led by the County Administrator, Buddy Johnson.

Since its incorporation in 1986, Birdsong Nature Center has diligently focused on the mission of fostering awareness, understanding and appreciation of nature and its interrelationships. Birdsong's goal is to protect this 565-acre nature preserve using now widely-supported land management techniques researched by Birdsong's founders right here in Grady County to create an ecologically diverse outdoor classroom. Regardless of the visitor's intent, Birdsong provides a vast natural space to learn, relax, and recreate.

The Grady County Commission wants to support Birdsong in this GOSP grant application because Birdsong Nature Center has provided outdoor educational and recreational opportunities to the citizens of Grady County and the surrounding region in Georgia and Florida for the past 34 years. Birdsong has served as an excellent example of best practices in land stewardship including use of prescribed fire and protection of the gopher tortoise. The Grady County Commission supports Birdsong's efforts to protect this property through a conservation easement as it continues to emphasize a rural way of life in southwest Georgia.

If you require additional information about Grady County Board of Commissioners, please contact us via Buddy Johnson, Grady County Administrator: bjohnson@gradyco.org or (229) 377-1512.
Sincerely,

Keith Moye, Chairman

Re: Birdsong Nature Center GOSP Grant Pre-Application - Letter of

Financial Support Dear DNR Board of Trustees:

Tall Timbers Research Station and Land Conservancy is submitting a Georgia Outdoor Stewardship Program (GOSP) pre-application grant requesting support for the purchase of a conservation easement on approximately 444 acres of the Birdsong Nature Center in Grady County, Georgia. We the Board of Commissioners values our rural way of life and recognizes the benefits and potential of land conservation and land management. There still exists large tracts of land available in the 460 square miles of Grady County. The Commissioners are aware of the importance of a GOSP grant and the impact it holds for Birdsong and ultimately all Grady County and its citizens.

The ability to support and attract our citizens and visitors through educational nature-based programming is realized and we know this grant also supports our mission of attracting visitors to the many other nature-based assets in the county as well. The Commissioners also recognize what an opportunity exists for public access to experience the benefits of best land management practices on a conservation easement.

In support of this GOSP grant project, Grady County would like to commit $500 in financial support to assist with the Birdsong conservation easement purchase.

Please feel free to contact me if you have any questions. Sincerely,

Keith Moye, Chair
Grady County Commissioners
