PERMIT APPLICATION FOR SWIMMING POOL INSTALLATION

I, _____, am aware that within thirty (30) days after completion of a swimming pool on my property located at _____, I will be responsible for erecting a four foot structure around said pool in accordance with the latest edition of the swimming pool code as adopted & amended by the Georgia Department of Community Affairs (DCA).

Upon obtaining the proper permits and before the construction of a swimming pool has begun, I the property owner shall construct a fence / barrier of a temporary or permanent type that shall generally conform with the requirements of a permanent fence / barrier required upon completion of the swimming pool.

The permanent fence / barrier that are required pursuant to the swimming pool code shall be constructed and in its final form prior the final inspection of the swimming pool by the building inspector and issuance of the certificate of completion.
